HARD TRANCE 136–152 BPM

Côte d'Azur, France | own label: Stańko

The sound is built around a hard kick with trance pads carried over it, and vocal lines written in Polish, French and English rather than pulled from samples. It is dancefloor music first: the arrangements are cut for a set, not for background listening.

The catalogue runs across three tempo lanes. The core is trance and hard trance between 136 and 152 BPM, where SEÑORITA MONIKA sits at 145 with a hard cut ending built for mixing.
